Programming

I am a dedicated vocational high school student majoring in Software Engineering with a strong interest in web development, databases, and user interface design. I am eager to apply my knowledge in a professional environment, gain practical experience, and contribute to impactful projects. I have a collaborative spirit, a willingness to learn, and a passion for technology innovation.

PROJECT EXPERIENCE

2023 - 2024	Web Development <ul style="list-style-type: none">Designed front-end layout using HTML, CSS, and Bootstrap.UI/UX Mobile App Prototype Figma Design Challenge
2024	Web Development <ul style="list-style-type: none">School Website with Database Integration Team Project – SMK Negeri 6 JakartaDeveloped a school website using PHP and MySQL.Implemented login and CRUD features for admin panel.Designed a mobile UI prototype for a food ordering app.
2024 - 2025	Game development <ul style="list-style-type: none">Mini Game with Unity 2D Personal ProjectBuilt a simple 2D platformer game using Unity and C#.Learned basic concepts of game physics and animation.

EDUCATION

SMKN 6 JAKARTA 2023 - 2026	Software Engineering (Rekayasa Perangkat Lunak) <p>What I Learned at SMK Negeri 6 Jakarta – Software Engineering Major: Studied programming (C++, C#, JavaScript), web development (HTML, CSS, PHP, MySQL), and basic game development using Unity. Learned database design, UI/UX principles, and software development processes. Gained hands-on experience through real projects and teamwork.</p>
